

“The Future of Solar Energy is Bright!”

Biography: Dr. Moritz Lehmann, CBCL Limited

Moritz is an oceanographer with an interdisciplinary background in marine biology, computer science, mathematics and statistics. Moritz works as a Senior Environmental Scientist with CBCL Limited in Halifax where he fulfils technical and managerial roles. As a consultant he thrives in applying scientific methodology to solve complex real-world problems related to renewable energy, water quality, coastal processes and climate change.

Moritz holds a Ph.D. in Oceanography from Dalhousie University in Halifax, an M.Sc. in Biological Computation from the University of York, England, and a B.Sc. in Marine Biology from the University of Newcastle upon Tyne, England. Outside of work, he enjoys spending time with his family in his seaside home, expanding his horsemanship skills and engaging in adventures with his three boys and wife.
