

## “The Future of Solar Energy is Bright!”

---

### **Biography:** Dr. Wayne Groszko, Ecology Action Centre & Dalhousie University

Wayne Groszko is the Renewable Energy Coordinator with the Ecology Action Centre, an Adjunct Professor at Dalhousie University’s School for Resource and Environmental Studies, and a Faculty member at the Nova Scotia Community College Energy Sustainability Engineering Technology program. He has 11 years experience in renewable energy research, education and implementation. He holds a B.Sc. (Hon.) from the University of Calgary, and a Ph.D. from Dalhousie University. Dr. Groszko recently completed a report for the provincial government on the potential for distributed solar electricity generation in Nova Scotia. Previous speaking engagements include Harvest the Wind workshops in Nova Scotia, Making the COMFIT Work for Communities, and the Nova Scotia Renewable Energy Conferences 2013 and 2014.
