

## Wayne St-Amour

---

Dr. Wayne St-Amour is Executive Director Innovation & Entrepreneurship; Dean Applied Research at Nova Scotia Community College. Wayne joined NSCC in 2011 having led and managed successful energy and environmental research programs in Nova Scotia's offshore. His career includes over 25 years of executive management experience in the Canadian and international energy sector.

Wayne received his Ph.D. from Lancaster University in the UK and his research focus is the social psychology of learning in high reliability organizations, such as nuclear power plants. He holds a Master of Business Administration degree from the universities of Guelph and Athabasca and a Bachelor of Arts degree from the University of Waterloo.

At NSCC, he is currently developing collaborative initiatives to create a culture of research as a form of teaching and building capacity in Nova Scotia companies and communities through learning, applied research and entrepreneurial actions.
